A child can ride **safely** without a **booster** seat when you can say **YES** to **ALL 5**

1. **Back against the vehicle seat**
2. **Knees bend at edge of seat**
3. **Lap belt on tops of thighs, not on belly**
4. **Shoulder belt between neck and shoulder**
5. **Sits properly. No slouching, no playing with seat belt, etc.**

Kansas law says children must ride in a booster until 8 years old, or 80 lbs., or 4’9”.

To ride safely, most kids need a booster until age 10-12.
