September 21-24: [Leawood](#) (Leawood Police Department)

October 18-20: [Hutchinson](#) (Kansas Law Enforcement Training Center)

Child Care Transportation Safety Training

Many child care providers transport children on a regular basis, but the national average indicates that 75% of car seats are installed improperly. The Child Care Transportation Safety Training covers the basics of how to transport children safely by reviewing the various types of seats, which type to use for each child, safe transportation policies as well as identifying tools and resources. The training is pre-approved for in-service training hours and is available in-person or online.

To schedule a class in your area or for your child care center, contact the **Kansas Traffic Safety Resource Office:**
(800) 416-2522 or ktsro@dccca.org

REGISTER FOR A CLASS IN YOUR AREA

Mythbuster!

MYTH: It's difficult to get all of your CEUs needed for re-certification.

FACT: We work hard to ensure your CEUs are easy and convenient to accomplish. Each year, KTSRO offers the CPS Update, a free, one-day training to get all 6 of your CEUs. This year it is April 18 in Topeka, for more information, go [here](#).

Not able to make the update? No problem!

Each year we record the sessions and make them available online for you to watch at your convenience. To see all of the options, go [here](#).

There are also various other online and in-person CEU opportunities that we share with you! And as always, when you're approaching your re-certification date, don't hesitate to contact our office and ask us how to get your CEUs.

Just be sure not to put it off too long!

Got Pictures? Show Off YOUR Event!

We would like to highlight CPS

events from around the state.
