

Welcome to the new **Car Seat Chronicle**! KTSRO is going to share this bi-monthly newsletter to highlight Child Passenger Safety topics, new information and any other interesting highlights with you --- our **Kansas CPS Technicians!**

Our goal is to keep everyone up-to-date in a field where changes occur frequently. If there are any topics that you would like for us to focus on or any "mythbusters" you want us to test, please let us know by clicking the "Contact Us" button below.

Thank you all for your constant dedication and keeping children of Kansas safe in vehicles. Welcome again to the **NEW Car Seat Chronicle!**

DON'T FORGET: CPS UPDATE COMING UP

The Child Passenger Safety Technician Update is coming up on Monday, April 18 in Topeka. The **FREE** one-day class will offer all 6 CEUs you need for re-certification.

Also, you can sign up to have your seat checks by a CPST Instructor on Sunday, April 17.

CPS EVENT? WE CAN HELP!

As CPSTs, we know you are planning outreaches and holding safety events throughout Kansas. Do you ever find it difficult to promote your event or find other CPSTs? KTSRO can help!

If you share your event information with us, we would be glad to help promote it on our webpage and social media. Also, KTSRO has a database of every technician in Kansas and we can help recruit for your event. For best results, give us at least two weeks notice to allow enough time to get the information out.

So, the next time you are planning a check lane, educational training or anything CPS related, let us know:

Mythbuster!

MYTH: You have to have a car seat event to give away a KDOT car seat.

FACT: A KDOT car seat can be given to anyone (child or parent) who receives low-income benefits (such as KanCare, WIC, etc.) at any time as long as a trained CPS technician is providing education on how to properly install the car seat.

UNC CPS RECALL LIST

For those of you that use the UNC CPS recall list and received an error message when you tried to go to their website: "The UNC Highway Safety Research Center is in the midst of creating a new permanent, more user-friendly home for the car seat recall list. HSRC remains committed to housing a permanent list and to providing email updates to recall list email subscribers." Up-to-date recall information can temporarily be found at the link below.
