

Seatbelt Fire Drill Challenge Rules

- 1) Teams should each include 4 participants.
- 2) One observer is needed for each vehicle being used in the competition.
- 3) Each team will be timed based on the following:
 - a) Student starts buckled into their seat.
 - b) When all are buckled the observer will blow a whistle signifying that students are to unbuckle, get out and make one complete path around the vehicle in a clockwise direction.
 - c) Once student has made a complete path they will sit in the next seat when following a clockwise path.
 - d) When all students are buckled in they will call out "Check"
 - e) The observer will check to make sure are all buckled.
 - f) Confirmation will be called out by the observer as "Double Check" signifying they can unbuckle, move to the next seat.
 - g) This will continue until each person is buckled back in their original seat.
