

ASK A DUMMY: VINCE AND LARRY'S ADVICE COLUMN

Dear Vince and Larry,
Which is your fav
Thanksgiving dessert -
pumpkin or pecan pie?
(Sweet potato is trash,
IMHO)

@thx4pie

Vince: I'm a pumpkin pie fan.

Larry: The more whipped cream on top, the better!

Vince: And pecan is delicious, too.

Larry: Yeah, it's Thanksgiving - eat as much pie as you want! Any kind!

Vince: What about turkey?

Larry: That, too! And mashed potatoes and stuffing and rolls!

Vince: Just make sure to take a nap before driving anywhere afterwards.

Larry: Why can't I eat and run! I love my grandma, but I've got friends to see!

Vince: Yes, but if you have a big meal - especially one with turkey and other carb-heavy foods - your body will need time and energy to digest it. You'll feel sleepy.

Larry: No worries, I'll just blast my music when I leave grandma's house.

Vince: Music, cold air, and caffeine can help for a short time, but the only way to stop feeling drowsy and stay alert is to take a nap.

Larry: I guess I could chill on the couch and watch the game for a bit. Grandma says I should slow down sometimes.

Vince: I'm sure your grandma would worry about you less if you promise her you'll be careful behind the wheel.

Larry: At least I can see over the wheel.

Vince: You might not want to bring that up.

Larry: And risk losing pie privileges? No way!

Vince: Buckle up and drive SAFE!
